BUSTED

Safe driving video contest

Help DRIVE SMART Weld County spread the word about Colorado's Hands Free Driving law that makes it illegal to manipulate your phone while behind the wheel.

- Partner with your local law enforcement (**Police, Sheriff, State Patrol, Student Resource Officer/SRO**) to create a 20 second or less video that shows them catching someone using their phone while behind the wheel. The end result is that the driver receives a ticket.
- Use the text specified in the contest rules found on our website.
- **Be safe. The car with the driver texting must be parked at all times.**
- Videos will be judged on creativity, clear messaging and video clarity. Use your editing thoughtfully so that your video is smooth and has a beginning and an end. Make sure all spelling and punctuation are correct.
- Be creative and have fun.
- See an example of what we are looking for on our website. Use the QR code to access the contest page.

Entries will be accepted on a first come first serve basis. Only TEN entries will be accepted. All entries will receive a monetary award. All entries must follow the outlined rules in order to be accepted. Entries taken from October 1 - October 30, 2026.

First Place: $300
Second Place - $200
Final 8 entries will get $100 each.
