What Do You Consider Lethal presentation	**Guest: Amy Nichols DRIVE SMART of the Rockies**	• A program put on by Impact Teen Driver • Is 1 hour long in either an assembly or in a classroom • Evidence-based program • Program must be delivered in full format to maintain integrity of evidence-based focus • Focus on 3 Es: Engage, Educate, Empower • Includes professionally made videos and survivor stories, Wheel of Death, etc. • Coalition voiced interest in taking a Train the Trainers course • Can be brought to us • 4 hours • Free • Includes some presentation materials; others available at small cost • Stacy going to reach out to some other DST presenters to see if they may also be interested
BUDS Program • **Participating High Schools** • **Schedule of Seat Belt Observations** • **Are BUDS participating schools required to host a Safe Teen Program per challenge rules?**	**Marjorie Hanson**	• Participating schools: • Greeley West (Fashion Club) • Fort Lupton (Student Council) • Windsor Charter (Natl Honor Society) • Prairie (FBLA) • Platte Valley (FBLA) • BUDS schools are **not** required to host a DST program • Coalition will revisit this at the end of the year but is worried such a mandate would lead to no presence in schools that don't/can't make time for a DST program • Greeley West held first seat belt check on 9/16 – 21% not wearing seat belt

		• Added tinted windows as a category on the counters since it is becoming more common and makes it difficult to see drivers
Safe Teen Schedule	**Marjorie Hanson**	• See attached schedule • First program is 10/8 at Valley • Truck will be at at least 2 schools • Coalition will use leftover funds to purchase a new mic for survivor speakers • Casey will also look for "Mr. Microphone" at the health department

Any upcoming Community Safety Events for the fall of 2019? We have met the requirement through September 30th, 2019.	**All – John Cordova**	• Event with Milliken PD on 10/30 will include crash car and survivor speaker
Open Floor	**Everyone**	• We have a new survivor speaker for the DST program -- a high school student at Roosevelt who credits seat belt for saving his life in intersection crash • Said he started wearing his seat belt because of the DST program!! Awesome!!
